PLAGIARISM AGREEMENT

Plagiarism in any part of your application will result in your disqualification from participating in the Fulbright Visiting Scholar Program.

Plagiarism will be understood to include any of the following:

Presenting wording, statistics or concepts as your own which should be attributed to someone else or to publications (online or offline). This includes, but is not limited to:

- Copying the exact wording of a written source (with or without citation)
- Presenting material with alterations in wording (with or without citation)
- Paraphrasing the content of a source without citation

Any sources used in the construction of your responses must be clearly cited.

Some US universities and colleges have developed and published policies on the use of generative artificial intelligence (GenAI) on applications for admission or affiliation with their institution. Some institutions may scan applications for the use of language produced by GenAI. While individual institutional policies range widely and policy responses from US universities will continue to evolve, copying language/content produced by GenAI directly into your application may negatively impact admission or affiliation decisions.
